

Gooey Banana Boats

- 4 Fresh Bananas (no brown spots)
- Chocolate Chips
- Mini Marshmallows
- Nuts
- Peanut butter chips
- Carmel chips
- Pieces of graham cracker
- Aluminum foil

Directions

Heat Grill or Oven to 400 degrees.

Unroll a 12" by 12" piece of aluminum foil.

Take one banana and slit it length wise. Be careful not to cut the banana the whole way through. You want it to look like a canoe.

Take hold of both ends of the banana and push those inwards. This will cause the banana to split open for the stuffing.

Fill the banana with whatever filling you desire; chocolate, marshmallows etc.

Wrap the banana up with the aluminum foil and place on grill or in oven for about 4-5 minutes or until it is warm and gooey.

Serve by itself or with ice cream!
